

Group Agreement

Purpose

To provide a predictable, small group environment where biblical truth and authentic relationships become the catalyst for on-going spiritual growth and relational connection.

Values & Goals

Relationships

While prayer and discussion of curriculum are key elements of a community group, the driving force behind the group is the building of relationships.

Authenticity & Confidentiality

The atmosphere of a Community Group should encourage openness and transparency among members. This is an environment where people should feel free to be themselves. Members must be able to trust that issues discussed within the group are not to be shared outside of the group.

Accountability

For members to truly share life and pursue God together there must be a willingness to share openly and ask each other "tough" questions about our spiritual journey.

Respect

Group members should never say anything that will embarrass their spouse or other members of the group.

Availability

A primary responsibility of the group is to prioritize specific relationships. This requires a willingness to be available to meet one another's needs.

Multiplication

Group members recognize that one of the goals of their group is to start a new group within the life cycle of the group. This allows others to experience the Community Group relationship and multiplies their influence exponentially.

Group Guidelines

1. The group will meet on _____ (day).
2. The group sessions will begin at _____ and end at _____ (time).
3. The group will be a closed group unless all members agree to additional members.
4. Group members will attend and participate on a regular basis. Members agree to pray for other group members on a weekly basis.

I covenant together with the members of this group to honor this agreement:
